Who We Are

Mubadala Capital is a global alternative asset management platform that manages, advises, and administers over \$430 billion in assets through its asset managers and strategic partnerships. A subsidiary of Mubadala Investment Company, a c. \$330 billion global investor headquartered in Abu Dhabi, UAE, Mubadala Capital combines the scale and stability of sovereign ownership with the agility and focus of a performance-driven global alternative asset management firm.

Mubadala Capital invests across multiple asset classes and geographies, including private equity, special opportunities with a focus on Brazil, and other alternative investments. Additionally, the Mubadala Capital platform maintains a portfolio of strategic businesses and partnerships across multiple sectors: private wealth, including CI Financial, one of North America's largest wealth management and asset management firms; credit, including a jointly owned business with Silver Rock, a credit-focused manager; insurance; and real estate, amongst other areas.

Mubadala Capital has a team of over 200, spanning 5 offices in Abu Dhabi, New York, London, San Francisco, and Rio de Janeiro. We are a partner of choice for investors looking for attractive and differentiated risk-adjusted returns across various private markets and alternative asset classes. With a commitment to long-term value creation, we leverage our global access, scale, and proprietary and flexible capital to execute our investment strategy and provide institutional investors with proprietary access to high-potential opportunities.
